

# LEAVING FROM CAI BE TO CAN THO

Many guests continue their journey after Cai Be to the airport of Can Tho (Vietjet Airlines and Vietnam Airlines Hub), usually as a transit point to Phu Quoc Island, Con Dao Island, Dalat, Hanoi or Hoian (Danang airport).

## **Option 1: Approx. Euro 48 per couple / Any time**

Option 1 is to go in comfort by private chauffeur- driven car (Toyota Fortuner Model 2014). The cost per private car is Dong 1,200,000 (roughly 48 Euro), or Dong 600,000 (roughly Euro 24) per person when travelling as a couple. The door-to-door transit time is approximately 1 hour and 30 minutes.

## **Option 2: Approx. Euro 24 per couple / Every 30 minutes**

Option 2 is to go by FUTA bus, which departs from CaiBe's main bus terminal, which implies in turn a 20 minutes motorbike taxi ride from the lodge to Cai Be's main bus station, plus 1 hour and 30 minutes by bus, plus a car taxi ride from Can Tho's bus terminal to your hotel or the airport.

Here is the exact cost breakdown:

Motorbike taxi from the lodge to Cai Be's bus station:	Dong 100,000 per person
+ Bus ticket from Cai Be to Can Tho:	Dong 120,000 per person
+ Car Taxi from Can Tho's bus station to your hotel/airport:	Dong 150,000 per car
= Total per individual traveler:	Dong 370,000 per person
= Total per person when traveling as a couple:	Dong 295,000 per person

## **Option 3: Approx. Euro 66 per couple / Any time**

Our recommendation is to go by private taxi boat. Taking this boat trip, despite taking approximately four hours, is possibly the best and most cost-effective way to fully explore the Mekong River, which is probably the reason why you are coming to the Mekong Delta in the first place!

You are invited to enjoy the scenery along the Mekong River while the boat progresses at a very leisurely space downriver.

At a minor additional cost, we can also provide you with a delicious lunch box, all your pre-chilled and ice-packed liquid requirements, including a dozen fresh coconuts, and two hammocks for a quick nap.

The boat is safe and carries an ample supply of life jackets. And don't worry, there are no wild crocodiles or other wild beasts in the Mekong river which could endanger your life. The cost per boat is Dong 1,600,000 (roughly 66 Euro), or Dong 800,000 (33 Euro) per person when travelling as a couple.
